c/o. The Engineer Officer
C.I.T. Board

L 10 214/M 157-44-74 d 14-4-45

States that there is no need to sanction six more Survey coolies for the city sight Land Board and adds additional coolies may be employed, if necessary, debiting their pay to the works.

From the Engineer Officer, C.I.T. Board
No 490, d 17-4-45.

B

States that due to war conditions it is hard to get coolies whenever required and when they are available they would each demand a daily wage ranging from Re 1-0-0 to Rs 2-0-0, and therefore requests employment of six more Survey coolies, on a whole time basis, as this would be more economical and as Survey work has to be undertaken through out the city.

The Engineer Officer requests a reconsideration of the orders passed in q.o, dated 14-4-45, and requests permission to employ six more Survey coolies, as the employment of labour on daily wages would not work out economically Refer para 12. Sup 4570.

GOVERNMENT OF MYSORE

OFFICE OF
The Engineer Officer, City Improvement
Trust Board, Bangalore.

Date 12th March 1945
13th

To

The Secretary to Government,
Law Department, Bangalore.

Sir

Re. Survey Coolies.

I have the honour to state that in G.O.No. L-5408-10 -Ml 157-44-24 dated 4th December 1944 sanction of Government has been communicated among other things for the entertainment of six Survey coolies on a pay of Rs.12/- per mensem for the year 1944-45 to work in the Trust Board.

Already, one overseer and five Sub-overseers have joined duty in the Trust Board and extensive Surveying operations have to be taken up. For, the plans of the City prepared in the past require to be brought up-to-date before preparing schemes of improvement for consideration of the Board. In addition, surveys for Extensions and for drainages in the whole city are also to be conducted. Experience has shown that the six subordinates cannot manage their field work with only six survey coolies now sanctioned. Each subordinate requires the assistance of two survey coolies for taking measurements and carrying surveying and mathematical instruments from place to place. I have examined the need for augmenting the strength of the menial staff for survey work and I have come to the conclusion that six more survey coolies are very necessary for efficient and quick despatch of work.

In the circumstances, I request that sanction of Government may kindly be obtained and communicated for the employment of six more survey coolies on Rs.12/-per mensem for the year 1944-45, the cost being met out of the grant of Rs. 5,00,000/- provided for the Board.

I have the honour to be,
Sir,
Your most obedient servant,

Y Ramiah
Engineer Officer,
C.I.Trust Board.

Re. Survey coolies.

Sir,

With reference to your letter No 324 d 13-3-45, requesting sanction of Govt for the employment of six more Survey coolies on Rs 12/- each p.m for the year 1944-45, I am directed to state that, in y-o No L 5408-10/ML 157-44-24 dated 4-12-44, the employment of six Survey coolies have already been sanctioned and therefore there is no need to sanction

Six more such Coolies.

If at any time additional help is required, coolies can be employed and their wages debited to the works.

I have &c.

No 490
Encls

OFFICE OF The Engineer Officer, City Improvement Trust Board, Bangalore.

Date 17th April 1945

To

The Secretary to Government,

Law Department, Bangalore.

Sir

With reference to your letter No. L-10214 dated 14-4-45 conveying orders of Government to the effect that there is no need to sanction six more Survey coolies and suggesting that coolies can be employed on daily wages whenever additional help is required, I have the honour to state that due to war conditions it is hard to get coolies whenever we want and when the coolies are available they demand each a daily wage ranging from Re.1-8-0 to Rs.2/- Thus the employment of labour on daily wages would be decided ~~by~~ costlier than when that labour is employed over a continuous period of one month. In my letter No.324 dated 15-3-45 I made out a case for employment of six additional Survey coolies on monthly basis on a pay of Rs.12/- per mensem with the existing rate of dearness allowance with reference to actual requirement and I submit again for the consideration of Government that the Surveying work that has to be undertaken through out the City requires the assistance of Survey coolies on a whole time basis and as such the employment of labour on daily wages does not work

P.T.O.

out economically.

For these reasons, I request kind acceptance of my proposal for the creation of six posts of Survey Coolies and communication of orders of Government thereto.

I have the honour to be,
Sir,
Your most obedient servant

Engineer Officer
C.I.Trust Board.
